Dear Friends:

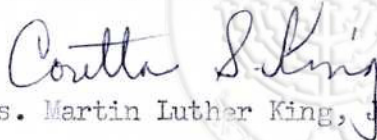

Thank you so very much for remembering us this Holiday Season in such a wonderful way. The children (as well as Martin and I) have been enjoying the pretzels and almonds tremendously. They really were wonderful to have when people dropped in over the holidays, because everyone enjoyed them so much.

Let me take this opportunity to congratulate you, Kivie, on being elected President of the N.A.A.C.P. I know how very proud you both must be, and both Martin and I are thrilled for you. We are looking forward to grand new progress for the N.A.A.C.P. under your leadership.

Martin and I both appreciate so much your constant thoughtfulness and consideration. Your letters and gifts mean so much to us, as does your friendship. I only wish we could be together more often and visit.

Again, thank you so much for sending us the pretzels and almonds, both of which are so delicious. Please accept our sincere best wishes for a happy and successful New Year.

Sincerely yours,

Coretta S. King
