Our worthy friend, Abraham Stern, of New York, we are informed, received his birthday present in a very gratifying form, his birthday being the first of December, to which we wish him health and happiness for many years to come. Mr. Stern always was an active lover and follower of the Reform movement and is still an ardent adherent of the same.

He was, perhaps, the prime mover in establishing the American Union. He was a member of the Board of Directors of the Union and every effort of the Union has been made to honor him and keep his name alive for many years to come. We hope he will remain at his post of honor for many years to come.

Rev. Dr. Si™, of Cincinnati, Mendelssohn, and the other Reform rabbis, were at the Thanksgiving day service at the Reform Temple on Tuesday, November 28th. The rabbis, Mendelssohn, and Dr. Sir™, maintained that this is a Christian nation and that one can not begin to understand the true history of Christianity unless one understands the spiritual and moral life of Jesus. Dr. Sir™ added that the Reform movement is a movement to bring the Jewish people into the Christian world and that it is a movement of tolerance and understanding.

The Reform movement is a movement to bring the Jewish people into the Christian world and that it is a movement of tolerance and understanding. The Jews are not great in the organizations — secondary to whom God has blessed with talent at the time of self-preservation is the momentary. The Reform movement is a movement to bring the Jewish people into the Christian world and that it is a movement of tolerance and understanding.
